EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 1-13, 31-35, 43-46.

Election/Restrictions

Regarding claims 18-25, claim 18 is generic (only with respect to 19-25) and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 23-24 are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. However, claims 1-13, 31-35, 43-46, directed to the non-elected species remain withdrawn from consideration since they do not depend upon or otherwise include all the limitations of an allowed claims as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is

This application is in condition for allowance except for the presence of claims 1-13, 31-35, 43-46 directed to species non-elected **without** traverse. Accordingly, claims 1-13, 31-35, 43-46 have been cancelled.

Allowable Subject Matter
